**27**     **PREFACE**

27     Beloved Sanat Kumara

27     The responsibility of cleaning up a portion of discord  
that exists in this World

29     My Sacred Fire Love is the Violet Consuming Flame  
that has within It the Spiraling Blue Flame with Gold at  
Its centre

30     Just hold a picture of a flash, a tiny golden Flame, just  
flashing into this condition

31     The Ascended Hearts Flame of the Ascended Masters  
will keep a condition from ever taking on a duality

31     When the Light vibratory action of the physical body,  
the emotional body, and the mental body responds

33     We want the perfection we have on Venus to come into  
your Worlds

35     Ah, how the Heart sings! Ah, how the Soul sings!

36     Your Field of Dreams may grow beyond your fondest  
imagination

37     Sanat Kumara's Sacred Bloom—the Rose...

38     Ask the Ascended Master's Consciousness to come into  
the human form

40     Give yourselves permission for your Beloved Presence,  
the Ascended and Angelic Host

41     Prepare yourselves for Grace

43     Go beyond what you have dared to dream

45     Such is my Oath; such is my Way of Life!

**53**      **CHAPTER ONE**

- 54      The renewal of the power of attention and intentions
- 55      The journey from the Great Central Sun
- 56      You can evolve a Heavenly Body of Light around yourself  
that literally becomes a Sun's Presence
- 57      In order to experience Life in the physical Universe you  
require a physical body
- 58      The Mid-Self, known by many names...
- 59      Time and space is an educated matter, it is an educated  
matter of intention
- 60      Planet Earth delayed Her Ascension into a Fifth  
Dimensional Vehicle
- 60      Angels and Cosmic Beings are coming to the Earth  
now
- 61      Archangel Michael is the Archangel of the First Ray, not  
only to your Earth, but to your entire Universe
- 62      The Purpose of Jesus' Ministry was to walk through  
everything that would happen at this time
- 63      The Ascended Masters will yet remain invisible
- 64      Desire to see your own Beloved Presence first
- 65      It is impossible for discord to connect with you without  
your attention
- 66      You have to re-train the mind—what is my Vision...my  
Field of Dreams...my Spiritual road map?
- 68      Start training your mind to visualize the Higher Self of  
those that you interact with each day
- 70      What is your Presence doing?
- 71      It is impossible for anyone to battle you if you are  
visualizing the Higher Self
- 74      Oftentimes human beings are trying to impose the Light  
on a human concept
- 76      The Higher Self will project sufficient Sacred Fire Love  
to correct a condition
- 78      The correction of old erroneous belief systems
- 79      Human beings created a very conscious experiment—to  
learn all that you are...and to learn all that you are not
- 81      Will you be Olympian?

**83      CHAPTER TWO**

- 83      A Message of the Divine Mother
- 84      Divine Desires! To live your Higher Purpose—Your  
passion! Your calling!
- 85      If we have the will of human beings, there is not one  
humanly created evil that we cannot silence
- 86      If I am called forth with enough desire, I can walk into  
the atmosphere of any city and my own Light would  
forbid any evil taking place
- 87      We cannot, under Cosmic Law, give more than is the  
present energy accumulation of those who desire us
- 87      Invite Us to correct the cause of conditions with Our  
Sacred Fire Purity and Power
- 88      My Angels gather the constructive and the dynamic  
calls, prayers, and decrees of students of the world
- 89      When you call upon Our Sacred Fire Love
- 91      I, Michael, Am in your memories
- 92      We want you to telephone God more often...
- 93      How will those numbers of humanity, who are helping,  
grow?
- 94      You might say, ‘What am I going to do without my  
human desires?’
- 95      It is a gentle journey that embodies the Holy Spirit
- 96      The Great Book of Names in Archangel Michael’s  
Cathedral of Light
- 97      My Angels of the First Ray place that Cosmic Blue Flame  
around all constructive manifestation
- 100     Call upon the total accumulation of all your good to  
now come forth into expression through you
- 101     There is no Cosmic evil, there is no such thing
- 102     The door to the Fifth Dimension, the door to the Realms  
of Light, is open
- 104     Divine Desires bring forth the creativity of your inner  
genius
- 105     Great assets of your Soul will come forth that give you  
new talents, new abilities that you did not have before
- 107     To live your Higher Purpose—Your passion! Your  
calling!

---

**109      CHAPTER THREE**

- 109      And so, I Michael, say, O Humanity, reach up, try us.  
111      We come to you and we evaluate the energy around  
            your bodies  
111      Call for more Light from your own Higher Light Body  
            Christ Self and the Ascended Host for safe increase  
113      Go to your Christ Self and Us and call forth the Cosmic  
            Light directly down your Life Stream  
114      We project Our Sacred Fire Love from Our Octave  
            according to the will of humanity  
116      Struggle—ask its cause, effect, record, and all memory  
            of it to be removed  
117      The human feeling body...Majestic! A spectacle of  
            Light  
118      There is not any healing that takes place without the  
            Sacred Fire Love of the Higher Self and of the Angels  
119      Angels of the Cosmic Christ Blue Lightning of  
            Indestructible Purity and Power  
121      The worded expressions of Ancient Prophets can  
            resonate with you  
124      There is a means to have all the money and supply...  
126      Invoking the magic of former legends through stories...  
127      There is not anything that the human mind is capable of  
            conceiving that cannot be manifest somewhere  
127      The diversity of the next seven years of your Planet—the  
            Light has spoken!  
128      You are in the years in which the prophecy of Jesus the  
            Christ will come into manifestation  
129      It is out there in the streets of everyday life that your  
            Light be a Blazing, Flaming Presence of the Light  
130      ‘I AM Come’, ‘I AM’ that Light that cometh into the  
            world that Lighteth up every man, woman and child  
131      I came to the Earth in the Name ‘I AM’ and I came to  
            pour the Light of the Spirit ‘I AM’ into a physical body  
132      Archangel Michael’s Blessing

**135**     **CHAPTER FOUR**

- 135     The Power that you have to qualify each day  
137     Illumination  
137     Gold and the Ascension Thrones  
140     Problems with refraining from eating red meat without  
         the use of the Sacred Fire  
142     Liquor and drugs create tears in the emotional body  
143     Any condition in your life has its root cause within your  
         mind and your feelings  
146     My Beloved God Presence...speak to me concerning all  
         the matters of my life. I am here, I am listening...  
147     It is possible to live without mistakes  
148     Your physical body desires to evolve...to grow equal to  
         the expansion of your consciousness  
148     What is in your atmosphere is much worse than the  
         density that has collected in your bodies  
149     The attention is the window in which you connect with  
         what is in your World  
151     The Electrons in your body are waiting to receive the  
         points of Light at the centre of each cell  
152     Your atoms can be qualified with human thoughts and  
         beliefs, but your electrons cannot.

         deep restful and peaceful place within yourself
